## GREENFIELDS PURE EP

WATER FREE AND DURABLE HOCKEY PITCH FOR CONSISTENT FAST PLAY AND ULTIMATE PERFORMANCE

### Key benefits:

- Made for top-level hockey
- Intelligent design features Helix technology eliminates the need for water
- Total control for the improved player performance technique
- Extremely durable thanks to EP novel yarn and innovative heat backing technology.

GreenFields Pure EP is the ultimate artificial pitch for players wishing for elite pace, ball roll speed and ball control. The advanced, smooth EP surface, made from novel yarn combinations, ensures long lasting performance and consistent excellence.

GreenFields Pure EP is designed to be water and infill free whilst still offering stability and grip for every player, and excellent ball roll speed. The intelligent design features including Helix yarn technology ensures improved durability compared to conventional yarn design. GreenFields Pure EP is approved for use at FIH National level with no requirement for infill or water. This removes the need for irrigation of your field making it a more environmentally sustainable option and reduces your operational costs.

At FIH Global level, a minimal amount of water must be added as a requirement. It is an ideal product for clubs that want ultimate performance with irrigation as just an option.
